- 3. Venue:** Kaziranga National Park and Orchid Park
- 4. Date:** 28-10-2025 to 29-10-2025
- 5. Organized by:** Department of Botany
- 6. Programme Coordinator(s):** Dhritashri Das, Dr. Rupak Kr. Sharma
- 7. No. of Participants:** 29
- 8. Nature of Participation:** Students and Faculties
- 9. Activities Carried Out / Description of the Event:**
- 10.** Students of the 3rd and 5th semesters visited Kaziranga National Park and Orchid Park as part of an educational excursion. They began the visit with a jeep safari at Kaziranga National Park, where they explored its rich biodiversity and observed various species along with their ecological interactions. Later, the students visited the Orchid Park and studied diverse orchid species native to Northeast India. The excursion also included visits to museums within the park, providing valuable insights into the cultural heritage of the region. The programme offered a holistic learning experience by integrating botanical, ecological, and cultural knowledge.
